

SPECIALTY SHOW PRODUCTS

product #F103206193

Final Control is a unique "top dress" product designed for use with Sunglo formulated feeds during the final conditioning phase for show lamb and goats.

- Supplies the critical nutrients needed to maintain muscle mass and bloom during a "holding" program.
- High Amino acid concentration in a relatively low crude protein supplement (28% protein). Feeding high protein supplements during a holding period can result in undo kidney stress.

product #F103650012

POWER UP Pellet is a unique supplement containing "Rumen Bypass" technology. The bypass factor causes fats that would normally be remodeled in the rumen to be absorbed in the small intestine, giving a much greater impact for ruminant show animals (calves, sheep and goats).

- Increases energy level to improve finish and daily gains.
- Convenient way to add fat without the mess. (30% fat).
- Blends easily into pelleted or texturized feeds.
- Contains a blend of Omega 3 and Omega 6 fatty acids for improved haircoat and skin condition.

product #F100283400

Definition is a water-soluble product containing a complex formula that has been researched by Akey to enhance appearance and definition of muscle as the animals enter the show or sale ring.

- Mix and use 5 oz per 250 lb of body weight 12 hours and again 5 hours and 2 hours prior to entering the ring.
- Each dose may be top dressed on feed, (if water intake is normal) or dissolved in drinking water.

product #F100296205

Full Tank is a nutritional product designed to increase the capacity of the stomach or rumen.

- Useful when intake is restricted to limit weight gain.
- Reduces the stress level and hard look associated with a low feed intake.
- Contains a probiotic to aid digestive function.

product #F103206199

InMotion is a joint, hoof and skin conditioner. Contains sources of glucosamine and chondroitin sulfate at high levels.

- For optimal joint health, glucosamine and chondroitin sulfate should be supplemented for at least 30 days.
- For maintenance levels, feed 4 oz per head per day.
- Added Biotin and chelated trace minerals for complete joint and hoof care.

product #F103650035

Sumo is a combination of high quality fat and milk components in a unique blend to ensure immediate acceptance and consumption.

- Approved for use with small ruminants.
- 70% Fat

product #F100217527 - 18 lb pail

product #F100217525 - 44 lb pail

Fresh Energy is a liquid oil top dress to supply additional energy in the form of fat to the diet.

- Approved for use with small ruminants.
- 99% Fat
