

Bloom & Fiber

Add Pac

Product # F103650050
(50 lb bag)

- Sunglo "Bloom and Fiber" is a blend of ingredients designed to enhance your show feed formula
- Mix 100 lb/ton Bloom and Fiber to help improve fill and bloom of show pigs

Add Pac

Add 100 pounds of Sunglo Bloom & Fiber per ton as a supplemental add pac with Sunglo Show Base

To increase dietary crude fat level by 1%:

- ▶ Add 100 lb Bloom & Fiber to replace 50 lb/ton corn and 50 lb/ton SBM (47.5%)

To maintain original dietary crude fat level:

- ▶ Add 100 lb Bloom & Fiber to replace 50 lb/ton SBM (47.5%), 20 lb/ton LiquaFat, 30 lb/ton corn

Top Dress

Hand feed as a top dress at the rate of 0.25 to 0.5 lbs per head per day.

Product# F103203050
(40 lb bag)

A nutritional sow base mix containing vitamins, trace minerals, amino acids, PLUS the following ingredients to maximize reproductive performance!

- **Organic Selenium (Se Yeast)** improves selenium status
- **Chromium Tripicolinate (Chromax®)** a trace mineral that improves litter size
- **BioPlus 2B** a direct fed microbial that decreases pathogen load in the gut and feces of pigs
- **Elevated Vitamin Levels** to promote reproductive efficiency, conception & hoof health
- Use at 80 lb per ton along with corn, soybean meal and fat - 40 lb bag (2 bags/ton)

Base Mix to be mixed with Grains, SBM & Fat

Ingredients, lb	Gestation	Lactation
Corn, (8.0%)	1675	1275
Soybean Meal, 47.5%	245	575
Sunglo Sow Base	80	80
Fat or Oil	---	70
Total, lb	2000	2000

Contains a protected form of the phytase enzyme to reduce the need for high levels of inorganic phosphorus!

L-Lysine is also included to reduce soybean meal inclusion!

Show Pig Base Mix Series

Base Mix Feeds vs. Complete Feeds

The Sunglo "Complete" pelleted feeds continue to experience show ring success because all the nutrition is "in the bag".

If you have access to feed mixing on-farm or at your local feed mill, the Sunglo base mix series offers an attractive and economical alternative method to obtain the same superior nutrition of Sunglo show feeds.

- Save money with local commodities
- Flexibility to adjust diets when needed

Your Success... Our Commitment!

As a Sunglo customer, you gain access to a team of leading experts in today's show pig industry to discuss your individual show pig goals.

800-366-1354

SHOW SECTOR 1 Base

Product# F100324065
(50 lb bag)

A high milk product base mix designed to meet and exceed the needs of pigs in the early starter phase. This first phase base mix allows producer to make a complete grind mix feed after using Sunglo First Response and/or Sunglo 803.

- Designed for pigs in the 18 to 30 lb weight range (can be used up to 40 lb body weight)
- Formulated with the highest levels of milk proteins, crystalline amino acids, plasma and other highly digestible proteins to assist pigs transitioning to ground feeds and promoting muscle development and skin and hair aesthetics.
- Ingredient combination promotes appetite and improved daily feed consumption.
- Non-medicated to allow for individual farm specific medication options.
- Crumble form to optimize flowability in feeders.
- Use at 500 lbs/ ton along with corn, soybean meal, and fat. – 50 lb bag (10 bags/ton)

Mixing Recommendations

SHOW SECTOR 1 Base

Pig Weight Range	18-40 lb
Lysine Level, %	1.39
Crude Protein, %	20
Fat, %	6
Corn, 8% C.P., lb*	1006
Soy, 47.5%, lb	450
Show Sector 1, lb	500
Show Sector 2, lb	---
Show Base, lb	---
LiquaFat, lb**	44
Medication	+
Total	2000

*50 - 100 lb of corn may be replaced with 50 - 100 lb of steam rolled oats
**20 lb of LiquaFat may be replaced with 25 lb of Sumo

SHOW SECTOR 2 Base

Product# F100324072
(55 lb bag)

A second phase base mix used to make the primary starter diet used to develop show pigs.

- Designed for pigs in the 30 to 70 lb weight range
- Contains high levels of lactose (milk sugars) and amino acids to support enhanced feed intake, early muscle development and bloom
- Non-medicated to allow for farm-specific medication options.
- Use at 385 lbs per ton along with corn, soybean meal and fat (optional) – 55 lb bag (7 bags/ ton)

Mixing Recommendations

SHOW SECTOR 2 Base

Pig Weight Range	30-50 lb	50-70 lb
Lysine Level, %	1.30	1.25
Crude Protein, %	19.5	18.7
Fat, %	5	5
Corn, 8% C.P., lb*	1101	1136
Soy, 47.5%, lb	470	435
Show Sector 1, lb	---	---
Show Sector 2, lb	385	385
Show Base, lb	---	---
LiquaFat, lb**	44	44
Medication	+	+
Total	2000	2000

*50 - 100 lb of corn may be replaced with 50 - 100 lb of steam rolled oats
**20 lb of LiquaFat may be replaced with 25 lb of Sumo

SHOW Base

Product# F103202010
(50 lb bag)

A "tried and proven" show feed base mix to be used to make grind and mix show pig developer or finisher rations. Allows for flexibility in formulation to meet the growing needs of development of the pig in different phases.

- Designed for pigs in the 60 lb to market weight range.
- All inclusive fortification of ration for amino acids, vitamins, minerals and extra digestibles to make a premium show ration.
- Contains multiple protein sources and additional palatability factors to assure proper muscle and skeletal development while encouraging feed intake.
- Allows different inclusions of corn, soybean meal, fat and medications to tailor fit rations for each phase of feeding.
- 200 lbs per ton inclusion – 50 lb bag (4 bags/ ton)
