

## Epic #F103100010 (25 lb bag)

What separates class winners from champions? **HAIR!**

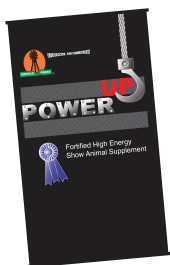

*Does your calf need longer, denser hair? Use Epic for the Champion's Advantage!*

- Epic is cutting edge technology.
- There's no melatonin.
- Like all Sunglo products, Epic is research based.
- Field trials have shown that Epic produces the strongest results in the industry.
- Each bag yields approximately 30 days of feed additive per animal.

## Cattle Power Up #F103650010 (50 lb bag)

**CATTLE POWER UP** is designed to assist show cattle in need of more energy and fatty acids to increase bloom, haircoat and cover.

- Formulated with "Rumen Bypass" technology.
- Contains high levels of Omega 3 and Omega 6 fatty acids.
- High palatability and utilization to allow quicker change in animal's composition.
- CATTLE POWER UP is pelleted (¾")
- Easy blending into texturized, pelleted or meal complete feeds.

## Show Cattle Explosion

#F103108002 (30 lb pail)

Use **SHOW CATTLE EXPLOSION** for increased rate of gain, improved feed efficiency and increased carcass leanness in cattle fed in confinement for slaughter the last 28 to 42 days.

- Added whey, milk and barley
- 7.5% fat
- Provides a convenient method to use Optaflexx™ to show calf rations.
- Optaflexx™ may improve ribeye area upto 0.5" (Elanco research findings)
- Add to current ration.
- 1 bucket will feed 1 calf for 40 days when fed at the rate of ¾ lb per day.

## NEW Products!

## INHALE F103206083 (50 lb bag)

INHALE may be of benefit to show animals when additional intake is needed.

- INHALE is highly palatable
- Meal Form
- Offering "INHALE" can "Get them back on Feed!"

## Bloom & Fiber Add Pac Product #: F103650050 (50 lb bag)

- Sunglo **Bloom and Fiber** is a blend of ingredients designed to enhance your show feed formula.
- Mix 100 lb/ton **Bloom and Fiber** to help improve fill and bloom of show pigs.
- Can also be hand fed as a top dress at the rate of 0.25 to 0.5 lbs per head per day.

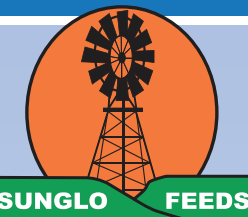

## Your Success... Our Commitment!

As a Sunglo customer, you gain access to a team of leading experts in today's show pig industry to discuss your individual show pig goals.

## Full Tank #F103206205 (50 lb bag)

**FULL TANK** is a nutritional product designed to increase the capacity and fill of the stomach or rumen.

- When limit feeding, adding FULL Tank maintains "gut fill" and keeps the fresh, expanded look.
- Reduces stress level and hard look associated with a low feed intake.
- Contains a probiotic to aid digestive function.
- Pelleted (1/8") and works best when fed dry.
- Expands and retains more water than beet pulp.

## 4-Sure

#F100190235 (10 lb pail)  
#F100190227 (tub of 10 - 5 oz. packets)

**4-SURE** is a water-soluble electrolyte, amino acid, energy and vitamin mixture to use during times of stress and during the final conditioning period prior to the show.

- Extremely palatable to encourage feed or water intake and provide supplemental nutrition.
- Use 5 oz per treatment thoroughly mixed in water or can be top dressed on feed.

## Definition #F100283400 (tub of 10 - Treatments)

**DEFINITION** is a water-soluble product containing a complex formula that has been researched to enhance appearance and definition of muscle as needed prior to entering the show or sale ring.

- Available in a pail of 20 packs  
(10) - 4 oz. packets of Definition Base  
(10) - 2 oz. packets of Definition Activator

## Explode #F103206188 (25 lb bag)

**EXPLODE** is a pelleted supplement containing Paylean® designed to be mixed with Sunglo pelleted or grind and mix complete show feeds.

- In addition to Paylean®, EXPLODE provides extra nutrition needed to maximize the Paylean® response.
- Mix 1/2 lb of EXPLODE with 5 1/2 lb of show feed to obtain a 9 gram per ton level of Paylean®.

## Final Control

# F103206193 (35 lb bag)

**FINAL CONTROL** is a unique "top dress" product designed for use with Sunglo formulated show feeds when total feed intake is being restricted to achieve desired body weight or condition.

- Final control supplies critical nutrients needed to maintain muscle mass and shape during a "holding program".
- Feed 1 to 2 lbs per head per day along with the amount of regular show feed needed to achieve the desired weight when restricting total feed intake to 4 lb per day or less.

## InMotion

#F103206199 (15 lb pail)

**InMotion** is a **joint**, hoof and skin conditioner. InMotion contains glucosamine and chondroitin sulfate at high levels along with Biotin and chelated trace minerals for complete joint and hoof care.

- Feeding InMotion to pigs in conjunction with Paylean® or OptaFlex® for calves may reduce pain associated with joint stress.
- Preconditioning with InMotion prior to feeding Paylean® is ideal.
- For optimal joint health, glucosamine and chondroitin sulfate should be supplemented for at least 30 days.

## Sumo #F103650037 (25 lb bag)

**SUMO** combines high quality fat and milk components in a unique blend to ensure immediate acceptance and rapid change in bloom and consumption.

- 70% fat source that can be used in ration mix or as a top dress.
- Feeding Rate: 1/8 % to 1/2 % body weight / day for desired condition.
- Do not exceed 6 1/2 % total dietary fat in ruminant animals.

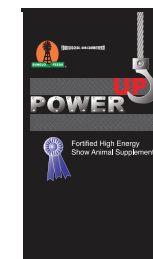

#F103650020 (18 lb pail)  
#F103650021 (44 lb pail)

**LiquaFat** is a liquid oil top dress to add additional energy in the form of fat to the diet.

- Contains 2 1/4 times the level of calories compared to normal feed grains.
- A stabilized bleached oil that maintains quality and freshness over time.
- Contains a highly palatable flavor to encourage intake.
- Can also be used to control dust in meal feeds.
- Do not exceed 6 1/2 % total dietary fat in ruminant animals.

## Power Up #F103650012 (25 lb bag)

**POWER UP** is designed to assist show animals in need of more energy and fatty acids to increase bloom, haircoat and cover.

- Contains high levels of Omega 3 and Omega 6 fatty acids.
- POWER UP is formulated with "Rumen Bypass" technology for use in sheep and goats.
- Swine utilize POWER UP efficiently as a normal fat source.
- High palatability and utilization to allow quicker change in animal's composition.
